This Master Land Use Application **and** specific Land Use Action(s) Checklist must be completed, with all required supplemental documents provided for an application to be considered complete and accepted through the Permit Center.

Failure to submit all requested items (in legible form) may delay processing of your application. Additional information may be required after review of your proposal.

In an effort to reduce paper and transition to digital review, electronic plan submittal is preferred via files on a USB/Thumb drive instead of hard copies.

Please note that any land use action above marked with an asterisk (*) will require a pre-application meeting prior to an intake appointment when ready to submit. Please see the “Application Requirements” section below for more information.
