City of SeaTac

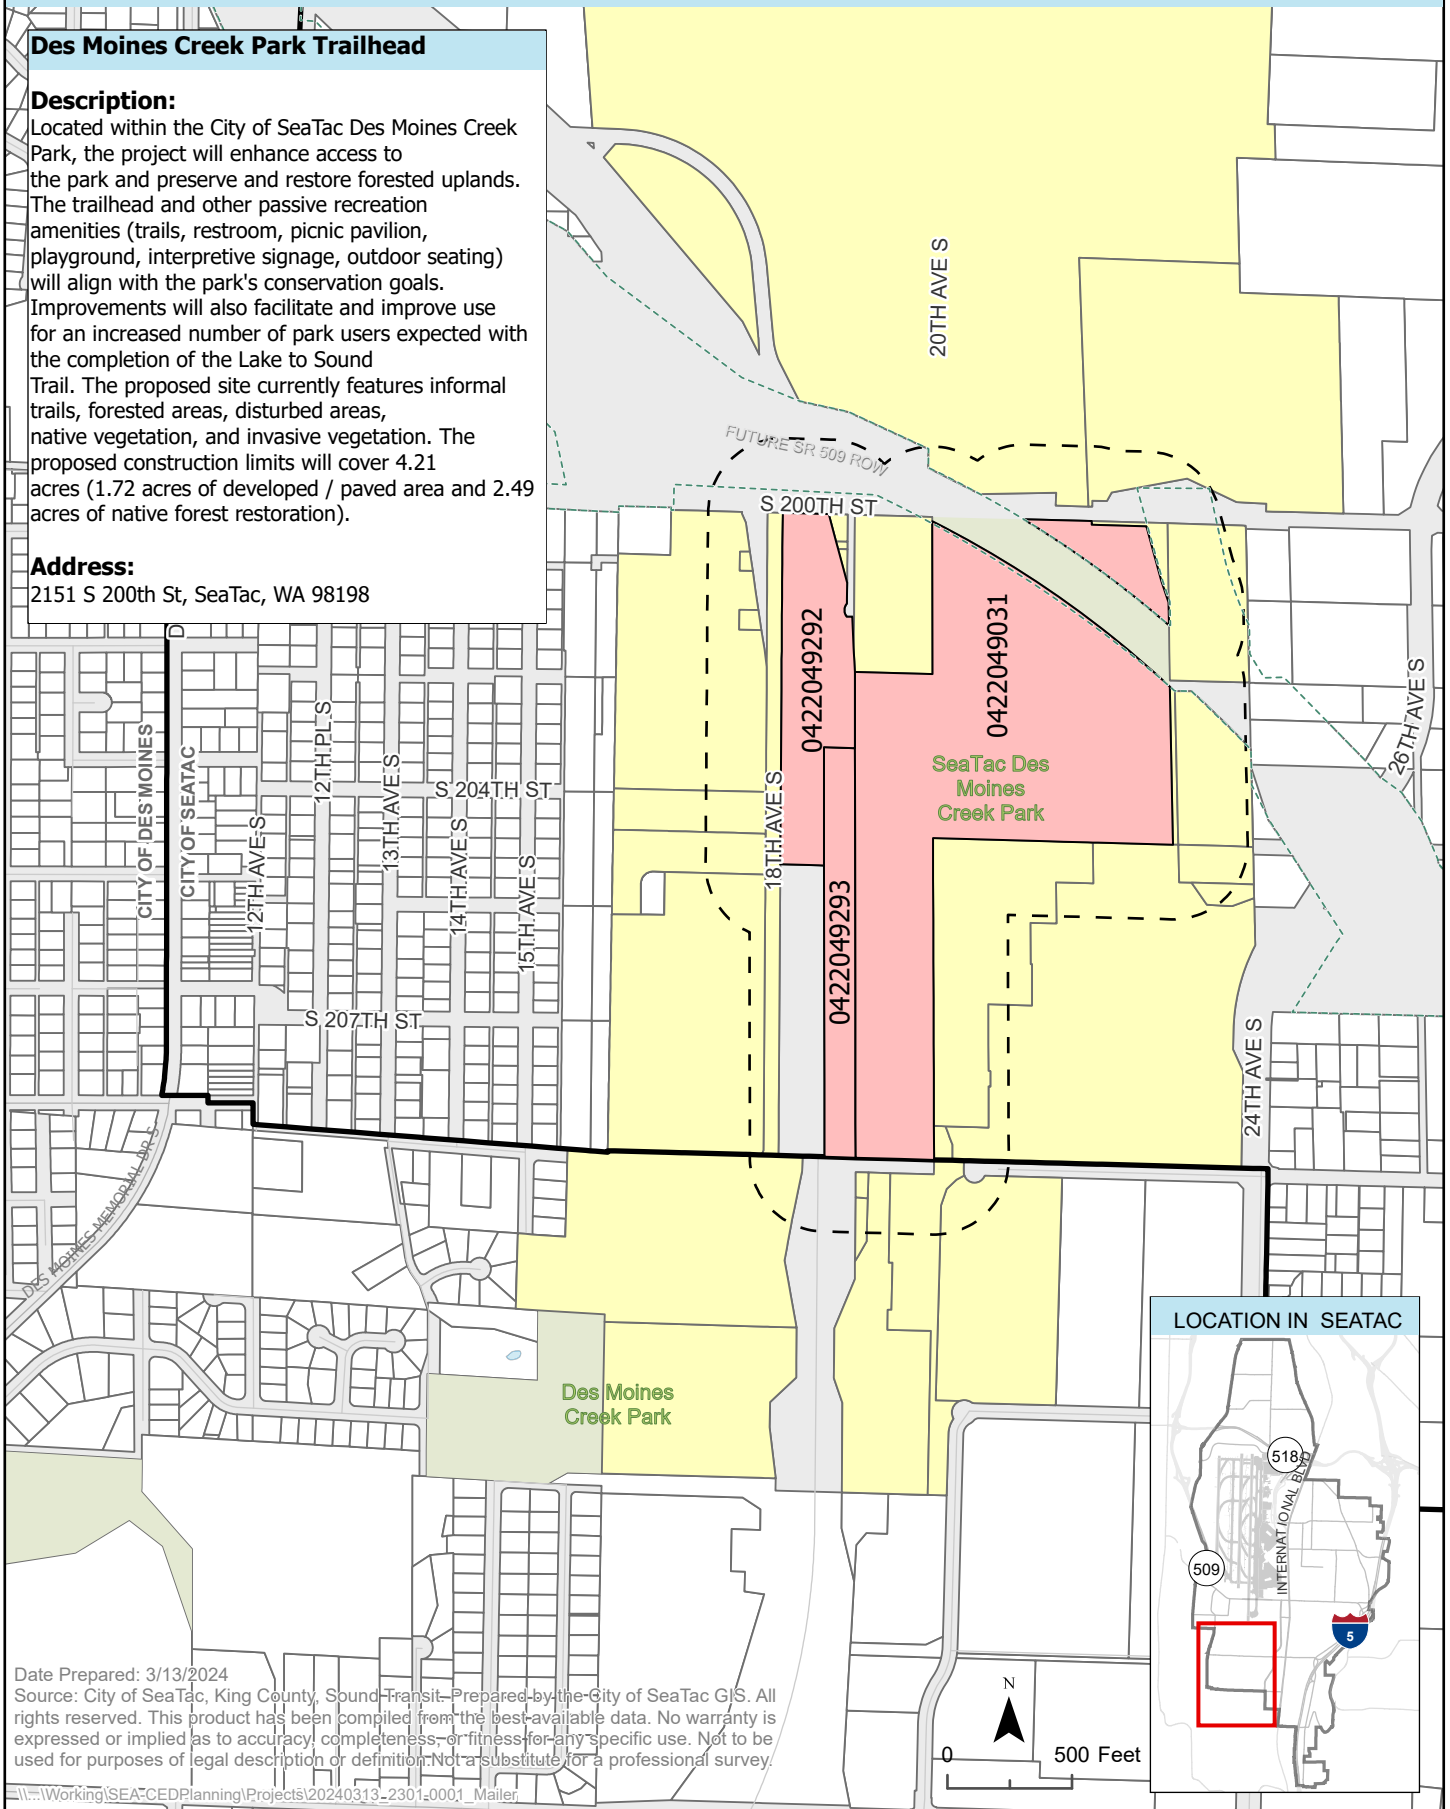

## Des Moines Creek Park Trailhead

### Description:

Located within the City of SeaTac Des Moines Creek Park, the project will enhance access to the park and preserve and restore forested uplands. The trailhead and other passive recreation amenities (trails, restroom, picnic pavilion, playground, interpretive signage, outdoor seating) will align with the park's conservation goals. Improvements will also facilitate and improve use for an increased number of park users expected with the completion of the Lake to Sound Trail. The proposed site currently features informal trails, forested areas, disturbed areas, native vegetation, and invasive vegetation. The proposed construction limits will cover 4.21 acres (1.72 acres of developed / paved area and 2.49 acres of native forest restoration).
